Rohit Varma

Diploma in Computer Engineering · Software Developer
rohit.varma@example.com | +91 90000 00002 | github.com/rohit-varma-example

Summary

- Developer with 2 years of industry experience on cloud-hosted back ends and data pipelines.

Education

City Polytechnic, Bengaluru 2020 – 2023
Diploma in Computer Engineering – 82%

Technical Skills

- **Languages:** Python3, PL/SQL, Shell scripting
- **Cloud & Infrastructure:** Amazon Web Services (EC2, RDS), docker-compose, Ubuntu / RHEL servers
- **Backend & APIs:** Flask, REST services, Celery
- **Testing & Tooling:** py.test, GitLab, Jira

Experience

Software Developer – Bluepeak Labs, Bengaluru Aug 2023 – Aug 2025

- Built Python3 ETL jobs that load 2 million rows a night into Oracle with PL/SQL procedures.
- Packaged 9 services with docker-compose and ran them on Ubuntu and RHEL servers on Amazon Web Services.
- Cut the nightly batch window from 4 hours to 70 minutes by parallelising the slowest stages.

Projects

Stock Alert Service | Python3 · Flask · Celery 2024
github.com/rohit-varma-example/stock-alerts

- Sends price alerts to 500 subscribers with a median delay of 4 seconds.

Shift Planner | Flask · Oracle · PL/SQL 2023
github.com/rohit-varma-example/shift-planner

- Schedules 120 warehouse staff a week and removed 6 hours of manual planning.

Certifications

- Red Hat System Administration I | Oracle Database SQL Certified Associate
